Installing White Rabbit Audio Pack

Adobe Premiere

1. Unzip "White Rabbit Audio Pack - Adobe Premiere.zip"

2. In Premiere, Right click the Presets folder in Effects. Choose Import Presets.

3. Navigate to the ".prfpset" presets file for White Rabbit Audio Pack

4. Presets should appear under their own White Rabbit Audio folders in Effects -> Presets

Final Cut Pro X

1. Unzip "White Rabbit Audio Pack - FCPX Preset Files.ZIP". This is to be extracted separately to the main download ZIP. 36 individual preset files should be extracted, such as "Brighter.effectsPreset" and others.

2. Click any Finder window and press CMD-Shift-G (Go To Folder)

3. Enter the following address

/Users/USERNAME*/Library/Application Support/ProApps/Effects Presets/

4. Copy the preset files here. Please make sure the Effects Preset files are not in sub-folders within the Effects Presets folder.
